

SEEDing Successful young female entrepreneurs for a green world by regenerative agriculture

# Newsletter #1

[www.seeds-project.eu](http://www.seeds-project.eu)

## REGENERATIVE AGRICULTURE

is a conservation and rehabilitation approach to food and farming systems, focusing on topsoil regeneration, increasing biodiversity, improving the water cycle, enhancing ecosystem services, supporting bio-sequestration, increasing resilience to climate change, and strengthening the health and vitality of farm soil, standing on 5 principles

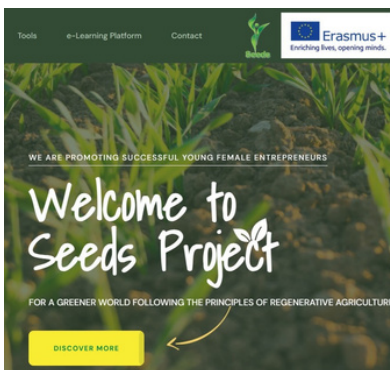

## LAUNCHING OF SEEDS PROJECT

Starting off with the Kick-off Meeting in Austria, hosted by our coordinating partner, PAMEA.

Together with our partners, we're committed to empowering young female entrepreneurs through regenerative agriculture, fostering sustainable practices, and supporting vibrant rural communities across MENA and Europe. Let's grow a greener future together! ❤️

**GROW WITH SEEDS!**

## WHERE TO FIND US...

We invite you to explore how we're empowering youth and fostering sustainable farming practices through innovation and collaboration. Join us in building a greener future—visit our website today!
